ABOUT APRIL CHRISTINA..

I'm April Christina! A New York based women's health advocate that enjoys discussing all things reproductive health and overall wellness. Over a decade ago, I was diagnosed with endometriosis. I never imagined that I would endure what I have both physically and emotionally. This chronic condition made me realize that my passion for health education was bigger than I could ever imagine. Which is why supporting other individuals on their wellness journey I take great joy in.

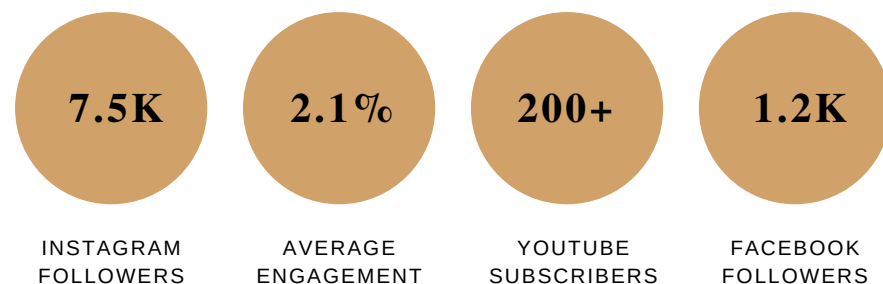

Whether it's in person events or collaborating with other companies and organizations, I've created Imaprilchristina.com as a safe space for all to feel welcome, gain inspiration, and be a portal of information for one to never feel alone. I'm living my life with purpose and I look forward to working with you further to fulfill that journey!
